All,

AR has taken the pen and propose the following draft joint response to ROCC's email and Asks letter of November 19, 2018. We recognize that EPA personnel cannot engage until the shutdown ends, but we offer the draft as a first step when we all collectively re-engage. I imagine ROCC will be eager to hear from us.

We look forward to scheduling time to review the draft and align our message. For your convenience, I have attached relevant prior communications. If I have missed someone from your team, please forward as appropriate.

Warm regards,

Patricia Gallery
